

A STORY OF IMPACT

"My fiance is an ex-Jehovas Witness. He left the organization and everyone he knew to be with me, an ex-Mormon (how fun are we!). He spent a long time not knowing where he stood with God until we happened to come across Dr. Michael Heiser's work this year. We live in Australia, and the exchange rate isn't the most fun at times, so receiving a scholarship from AWKNG School of Theology was the most BEAUTIFUL SUPRISE!

Since coming back to the fold, it's been refreshing to look at the Bible in a new light, especially for my fiance, who finally feels free to research and ask questions without fear of being reprimanded for it.

Thank you again for your kindness and generosity- what you all are doing is so meaningful and is helping so many of us wandering and searching out here."
